Now available – *sp² Digital Edition* latest issue

Here's how to subscribe to the **Digital Editions** of *sp² Magazine* produced through **Yudu.com**. The **Digital Editions** have been produced using a new digital publishing system to improve your reading experience.

Future issues of the magazine will include feature enhancements including video and audio clips. Once you subscribe, you can browse through the magazine and, by turning on the links on the editorial and advertising pages, access the Web pages of editorial contributors and advertisers for further information on the companies and organisations relevant to your business.

The **Digital Edition** of each issue also allows you to save the issue to your hard drive; print hard copies of specific articles or pages; and send articles and news items to your colleagues.

When you subscribe to receive the **Digital Editions**, we will both be making a contribution towards reducing our carbon footprints.

We are sure you will find the **Digital Editions** useful in providing you with the information you need to manage your business in drug discovery and development.

To subscribe and receive the **Digital Editions** of *sp²* at the special introductory rate of **£49.95** for seven issues per year, plus any supplements published, simply click on the link below and either log in with your existing yudu.com account details or create a new free Yudu account.

Once your Yudu account has been created you can subscribe to *sp²* via PayPal or any major credit or debit card. Once subscribed you will be able to log into yudu.com at any time to view any of the issues available in that subscription.

Tom Mulligan
Editor – *sp² Magazine*
